# FWIB FOREVER

Stay updated with the monthly e-newsletter for our #FWIBfam!

## Highlights

The months of December and January marked a new beginning for FWIB with the new year! We ended off 2023 with timeless bonding at our Mentor/Mentee Meeting #3 and at our Holiday Social (Fall Banquet), where we also got to grub on some delicious food thanks to Smokin'Notes. Additionally, we learned some vital information about finances from our VP of Finance at the virtual Personal Finance Workshop where we all shared our own tips and tricks to navigate finances! With 2024 beginning, we started off strong with tabling at the Spring 2024 Business Bash where we got to meet new members! We then decorated cute tote bags at our Tote Bag Painting Social. The next day we had our GBM 7 featuring Take2. Finally, we ended the month with our Own your Interview Workshop led by our Professional Development Director where we boosted our confidence in time for Career Week! Thank you again to everyone for supporting FWIB and we cannot wait to see you all at future events!

During January and last December, FWIB aimed to emphasize the importance of mentorship by holding our final Mentor/Mentee Meeting of last semester to celebrate new bonds. Additionally, we announced our new Mentor/Mentee applications for the Spring 2024 semester (application located in Instagram @fwibuf bio), so be sure to apply by Thursday, February 8th for timeless bonds navigating college!

## Mentorship

## Community

In Florida Women in Business, we value our pillar of community by continuously being there for one another. In our GroupMe, we all share advice on classes, organizations on campus to join, useful events to go to, etc. All of our events are open to everyone and meeting new people through tabling, events, GBM's, and socials are some of our very best highlights of the year! We thank everyone who participates for coming out and supporting FWIB and we hope for everyone to keep making new bonds while kickstarting our careers. Keep on the lookout for more socials where you can bond with other FWIB members :)

Hi! I am a freshman majoring in marketing and I love how FWIB provides a supportive community in the male-dominated business field, and how it gives me the opportunity to meet and network with so many smart and experienced women in the business field!
