Highlights

The month of November was one to remember for Florida Women in Business! We bonded at the Krishna Lunch Social, and then emphasized community service by picking up trash at our Litter Cleanup outside of Cry Baby's the following weekend. The following week our Professional Development Director gave an outstanding workshop on how to craft a resume, and then the next week we had our Mentor/Mentee Meeting #2 where we had a fun time playing some board and card games. Our GBM #5 featuring PwC was also a hit where we also got to grub with our lovely speakers with some Bolay. Simultaneously, we held our Canned Food Drive where we were able to collect 56 food items to donate to Bread of the Mighty Food Bank. Finally, we had our final GBM #6 of the year with AbbVie. We cannot thank our members enough for a wonderful year and hope to see everyone at our relaxing socials and informative workshops during December!

This month, FWIB aimed to emphasize the importance of sustainability through collecting 56 food items for the Bread of the Mighty Food Bank as well as working together to do a Litter Cleanup outside of Cry Baby's. With the power of working together with our members and our VP of Community Service's coordination, we strive to make an impact in our community and cannot wait to hold for sustainability events in the future!

Sustainability

In Florida Women in Business, as a community, we worked on personal development to facilitate growth and opportunities. With our Professional Development Director and Chair, we held a Resume Workshop to present standout resumes for our future opportunities. Additionally, during GBM #6 featuring AbbVie, our Professional Development team showed us how to implement email signatures for our Outlook to increase our professional presentation when emailing recruiters, organizations, etc. We look forward to seeing our members continuously grow and be prepared for the corporate sector through networking, workshops, and leadership!

Personal Development

My name is Aubrey! I am a second year finance major with a minor in wealth management. I love FWIB because I get to be surrounded by woman with the same values and passions. I also enjoy how easily I can connect with employers.
