HIGHLIGHTS

November and December were quite exciting months for the members of Florida Women in Business! To kick it off, we focused on professional skills with our Standing Out On Applications workshop run by our Professional Development Director Sophia! To emphasize sustainability, we got together with Warrington Goes Green for a clothing swap at Plaza of The Americas. Additionally, we provided our members opportunities to grow personally and get to know other members with our numerous socials, including our Study Social and our Holiday Social. Also, our new t-shirt design, which has been in the works for months with the help of our Marketing committee, was released and available to order! Our Finance committee focused on raising funds by creating a fundraising bingo sheet and we had another headshot fundraiser. Finally, we had our last General Body Meeting of the semester with amazing speakers representing Pepsi Co.
