Member Spotlight:

"I am a third year Business Management Major doing the MIB combined degree. I am the president and founder of The Sirens A Capella group on campus. In my free time, I love to cook international foods, listen to Summer Walker, and compete with my A Capella group! My favorite parts of FWIB are being a part of an incredible group of intelligent and driven women, having access to professional development resources that prepare me for my job search and beyond, and the opportunity for face to face time with recruiters every meeting!"
