SEPTEMBER HIGHLIGHTS

Florida Women in Business has truly had an incredible start to the semester! We had our first General Body Meeting featuring Raymond James and we met several incredible new members! Following our first GBM, we opened the Mentor-Mentee Applications and our Committee Chair Applications. In preparation for Warrington Career Week, we had a Career Showcase workshop where we covered what materials to bring, what to do while you are there, and how to reach out to recruiters afterwards. We also had our first Headshot and Nametag fundraiser of the year! Sadly, due to the hurricane, we had to postpone our second General Body Meeting along with a couple of other events, but we can not wait to get back with everyone and continue seeing all our members soon!

SEPTEMBER RECAP

- Business Bash
- General Body Meeting #1 featuring Raymond James
- Chair Applications opened
- Career Showcase Workshop
- Mentor-Mentee Applications opened
- Headshot and Nametag Fundraiser
- Warrington Career Week

Leadership

FWIB has focused on leadership throughout our committees. In our three committees, Community Service/Sustainability, Finance, and Marketing, members are given the chance to offer their own unique input to help make a difference in FWIB. Additionally, FWIB has chair positions, which members can apply for to get the leadership experience.

Pillar: Community

Florida Women in Business strives to constantly focus of the importance of community. We aim to provide a safe space where all business students can gather and feel comfortable at anytime.

"Opportunities don't happen, we create them."
Chris Grosser

Professional Development

This month we had several professional development opportunities. We got to hear from Raymond James at our GBM #1, we had a Career Showcase preparation workshop, and of course, we got to attend Warrington Career Week Events.
